Thanks Jhana, These are great high resolution pics. Unfortunately, they do not show everything. If there comes a chance, more complete photos of the bottle would be great. We are looking for the Batch/Lot Number or similar markings to assist in tracking the products production, distribution and sales in the US. TDA's Inspector Mr. Camilo Garzon should be in the area today to interview the Grandfather with the APD. His Cell Phone is 806-239-8420. It would be great to get him introduced to the larger team there.

Ken
